

Application No. 10/748,871  
Amendment dated November 10, 2008  
Reply to Office Action of August 8, 2008

**Amendments to the Specification:**

Please replace paragraph [0186] with the following amended paragraph:

[0186] The input window 920 is provided for displaying characters corresponding to the character menu 912 if the character menu 912 is selected by manipulating the remote controller 200. In the embodiment of the present invention shown, the output window 930 is provided in addition to the input window 920, ~~912~~, and thus a cursor is provided on the input window 920 when the virtual input menu 900 is displayed on the screen. In the case where the output window 930 is not separately provided, it is preferable that the file name, before correction, is displayed on the input window 920.
